

# Worldland

**Consensus 2024**  
**May 29<sup>th</sup> – 31<sup>st</sup>, Austin, Texas, USA**  
**Heung-No Kerry Lee**  
**@fighterkerry**

# 01. Problem

## De-globalization fragments world markets.

People suffer!

- Inflated asset prices
- Inflated food and energy prices

People need goods & services!

Dall-E generated by HNLee's prompt

# 01. Problem

## What future would centralized planning create?

Government spending

Asset Price Inflation

# 01. Problem

**Collaboration of empowered individuals creates miracles.**

Dall-E generated by HNLee's prompt

# 02. Solution

**Bitcoin is a solution.**

## Bitcoin

Empowering individuals

- Store of value
- Self custody
- Inflation hedging
- Safe haven to geopolitical risks

# 02. Solution

Bitcoin is a solution **but getting old!**

## Bitcoin

Empowering individuals

- Store of value
- Self custody
- Inflation hedging
- Safe heaven to geopolitical risks

**BUT**

- Not a currency!
- Difficult to deliver digital products!

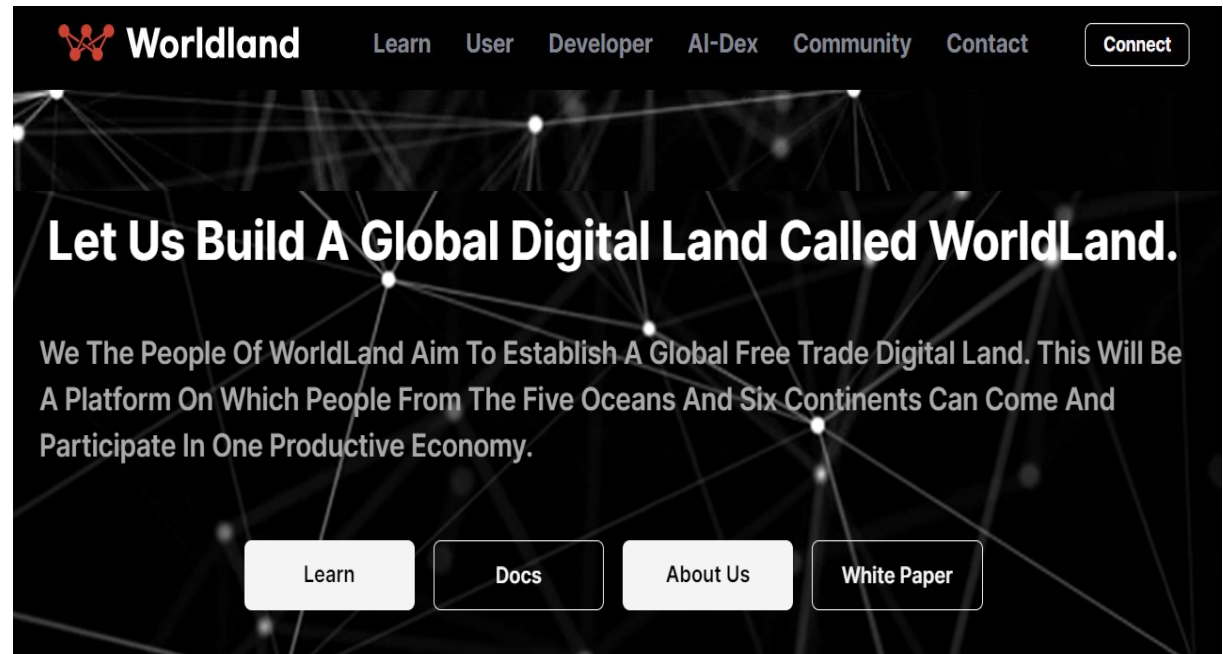

# 03. Solution

**WorldLand is a new solution.**

<https://worldland.foundation>

- Aug. 2023
- 2.5M Blocks
- 20K Nodes

# 03. Solution

## WorldLand advances sound money!

- Offers sound money
  - 2 year halving period
  - 50M WLCs

“I am more convinced than ever that if we ever again have sound money, it will not come from the government. This is issued by a private enterprise.”

Denationalization of Money 1976

Friedrich Hayek (1899 – 1992)  
Nobel Prize in Economic Sciences (1974)

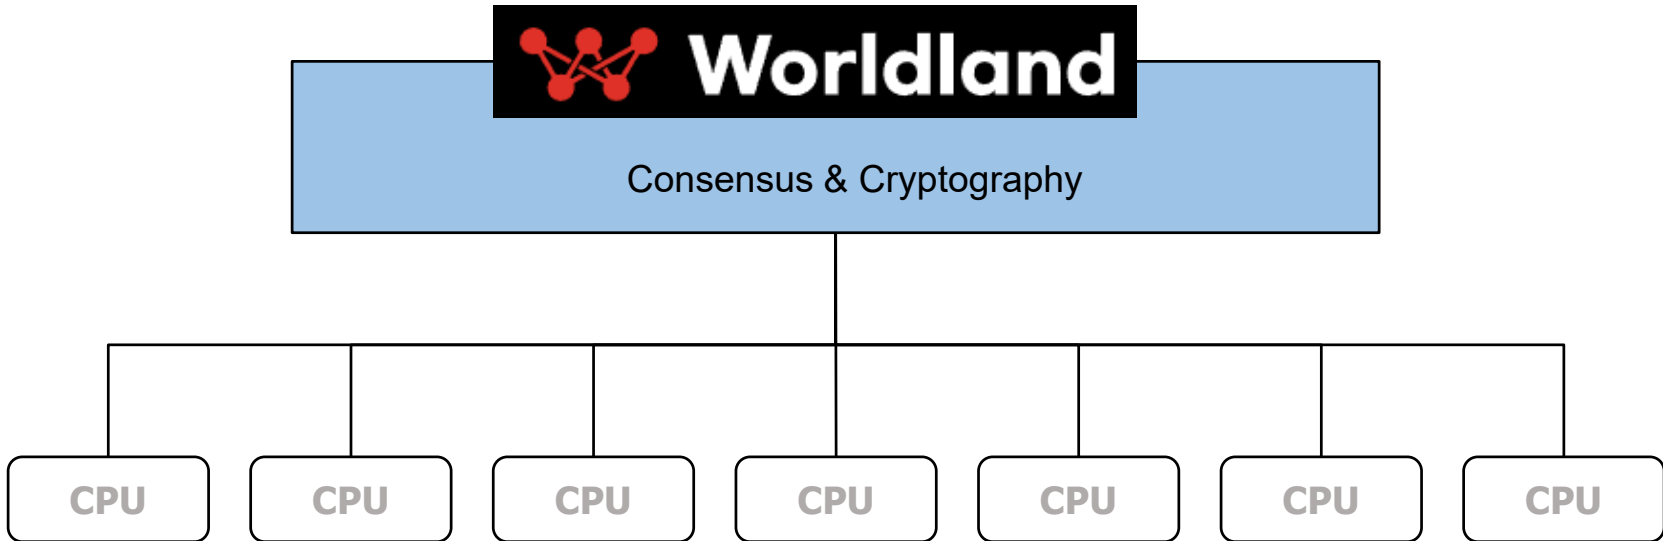

# 03. Solution

## **WorldLand is EVM compatible!**

- Ethereum Virtual Machine
  - Turing complete
  - Easy to program

# 03. Solution

**Worldland is ready for post-quantum computers!**

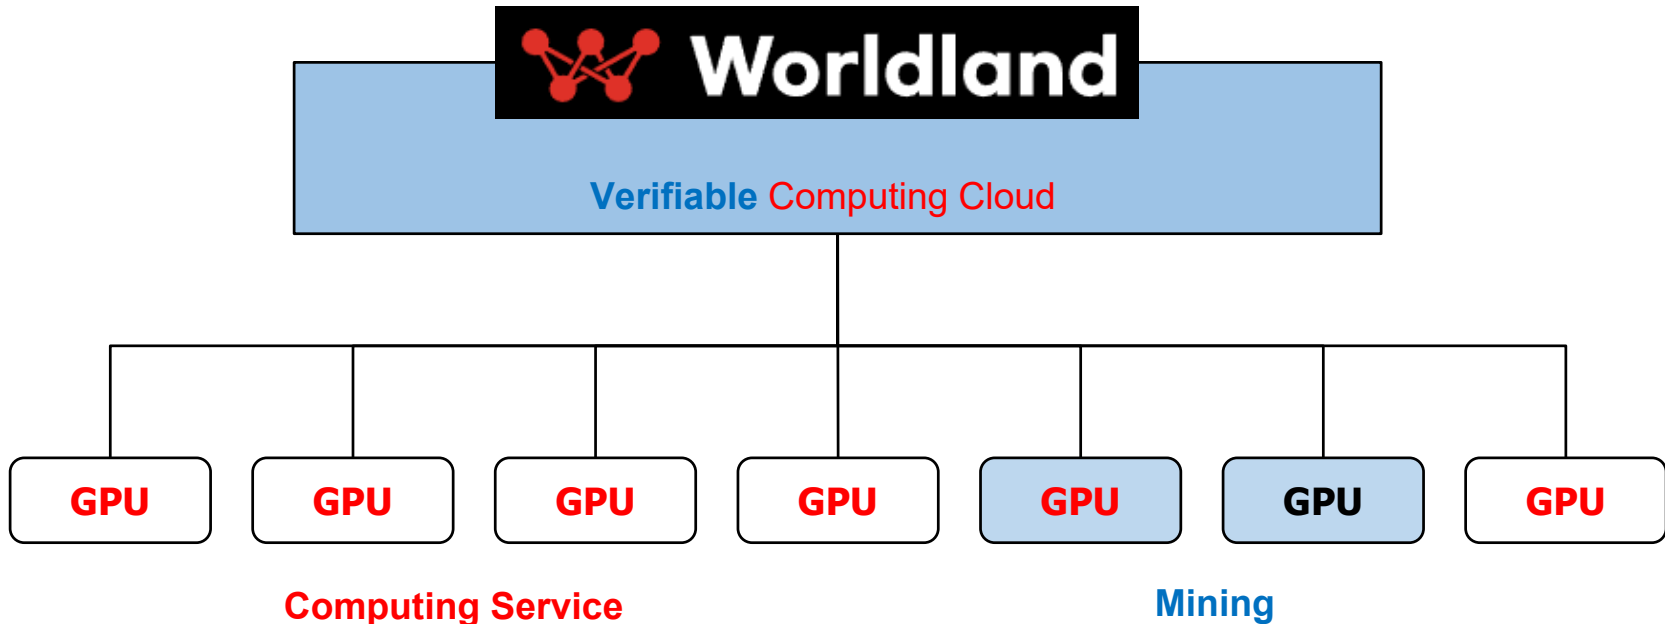

## Post-Quantum Security

**Error Correction Code Consensus**  
**Lattice Codes Cryptography**

# 03. Solution

**Worldland extends best decentralized consensus!**

**Error Correction Code PoW**

- ASIC resistance

**Verifiable Coin Toss**

- Random self selection to do either **mining or computing service**

# 03. Solution

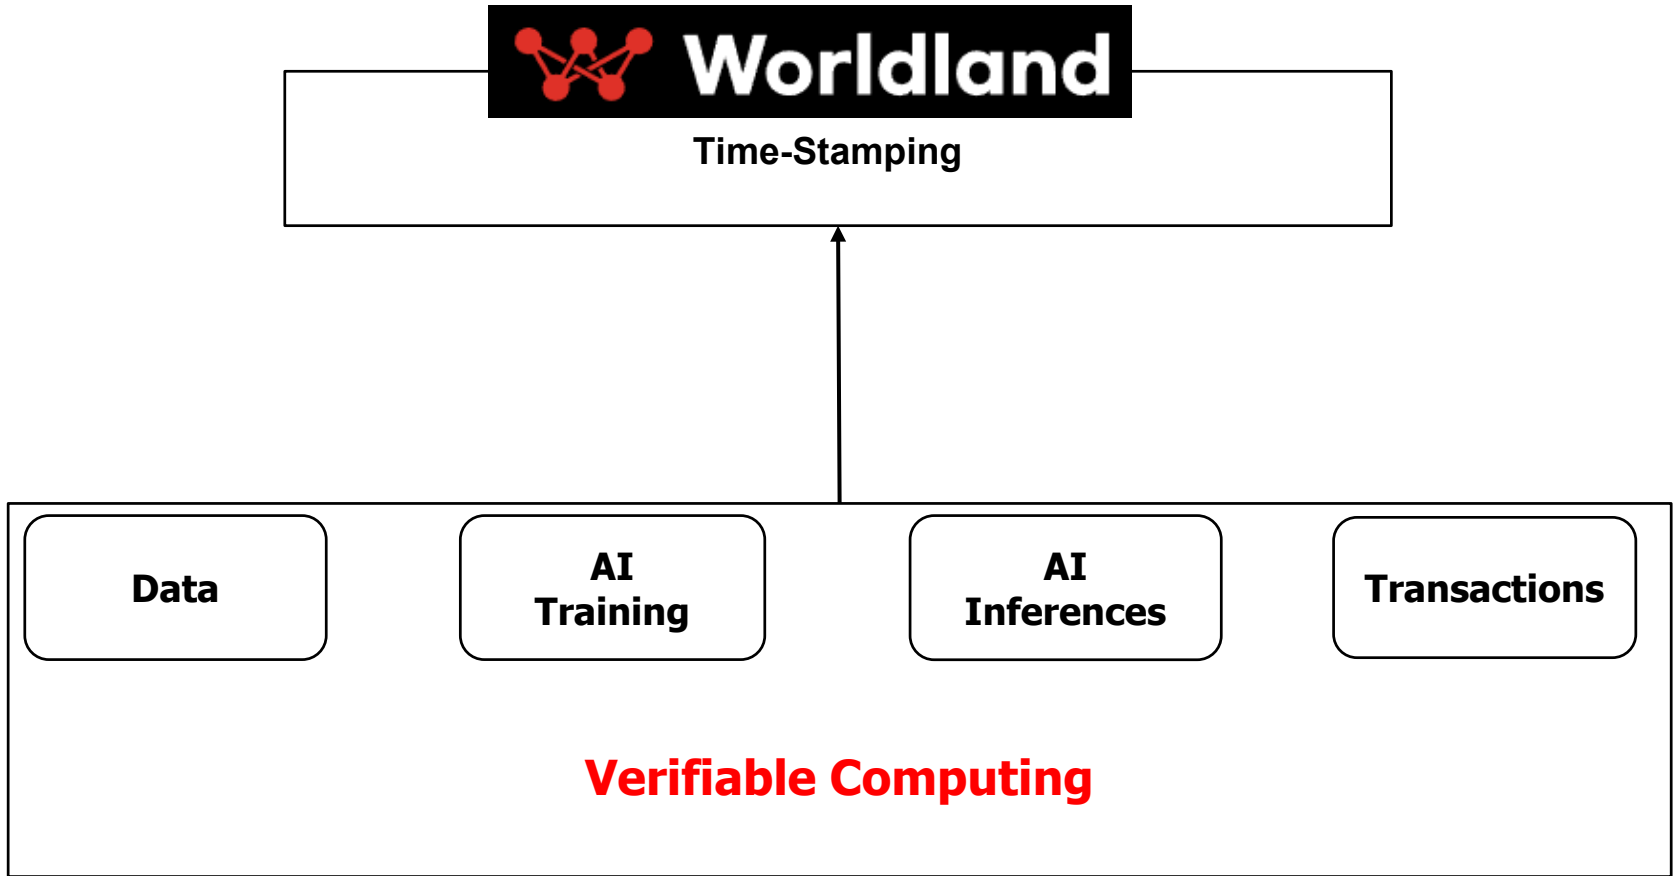

**Worldland offers verifiable computing cloud!**

Verifiable Computing Cloud

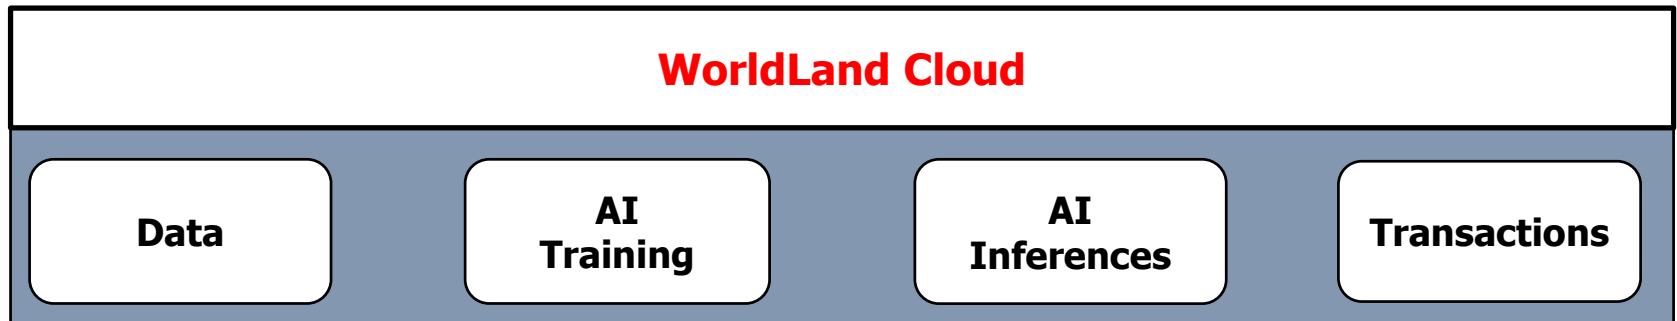

# 03. Solution

**Worldland enables verifiable AI computing!**

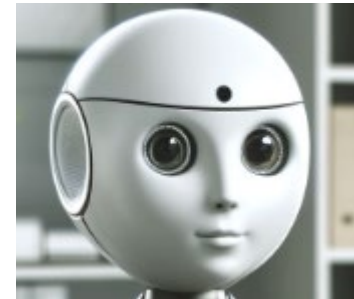

# 03. Solution

## Worldland is a Web3 cloud!

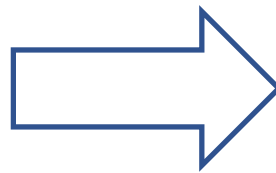

# 03. Solution: My AI Network

## Human vs. AI

# 03. Solution

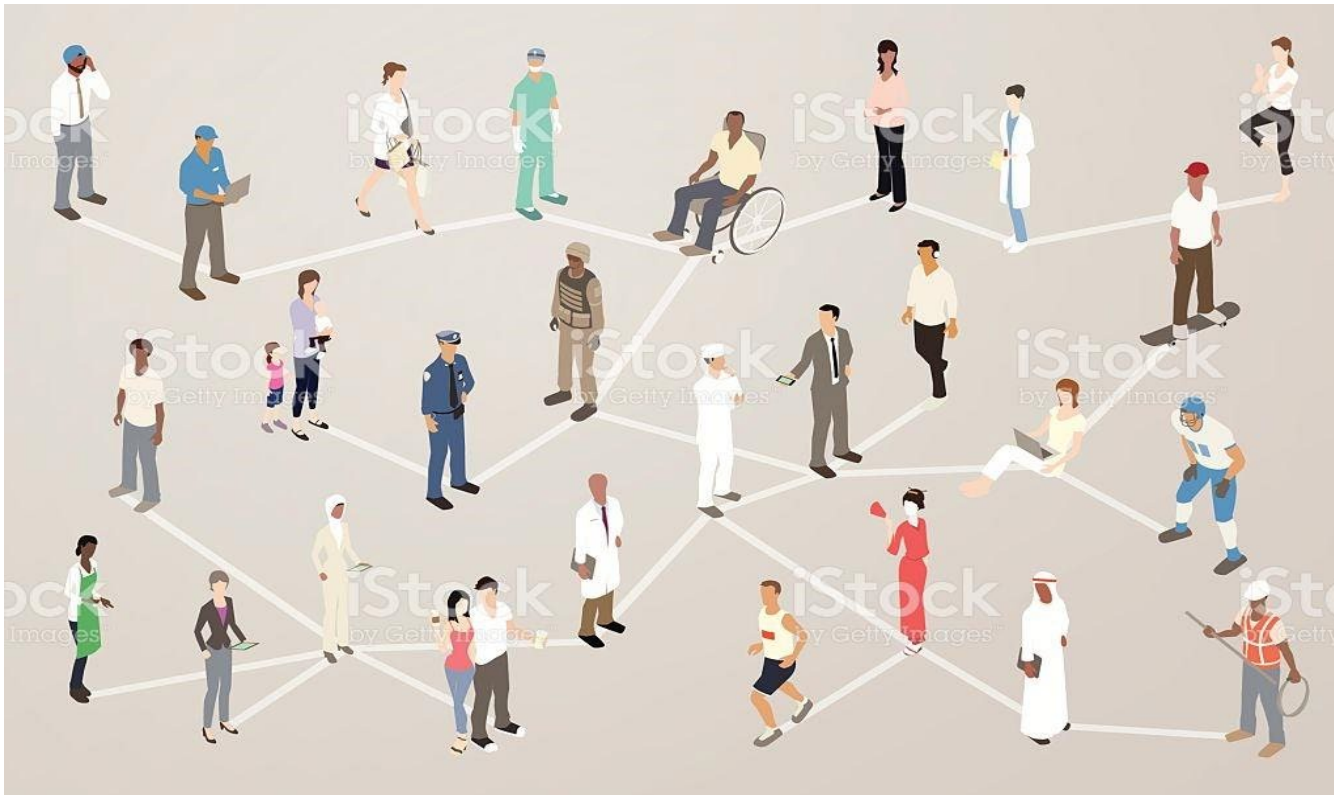

**In society, one teaches, others learn.**

# 03. Solution

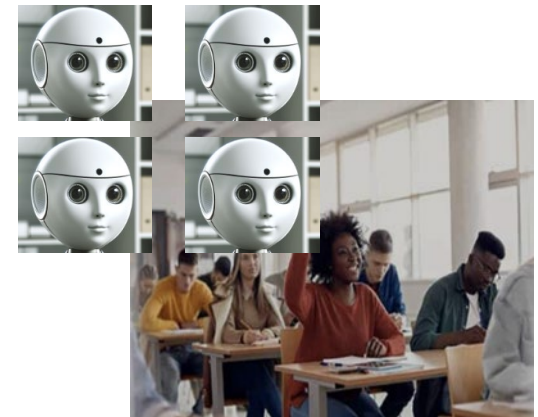

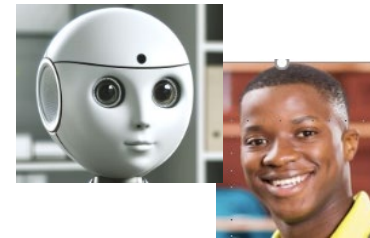

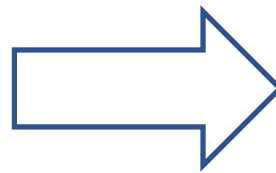

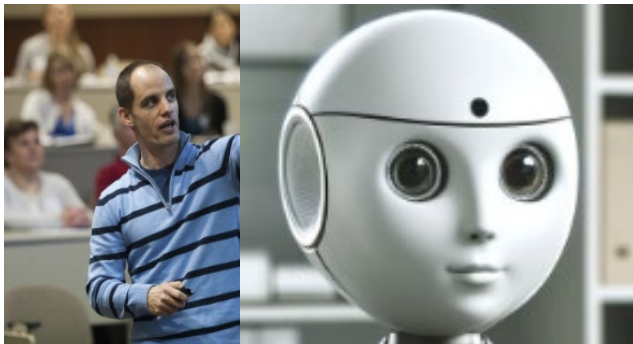

**Interactions make network intelligence.**

# 03. Solution

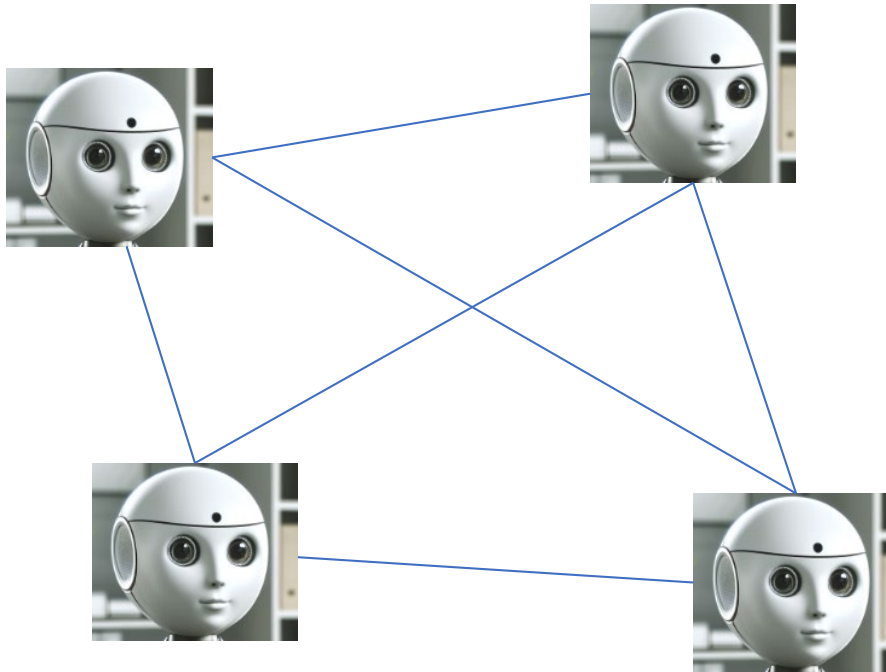

A person can grow his AI and have it interact with others.

My AI

# 03. Solution

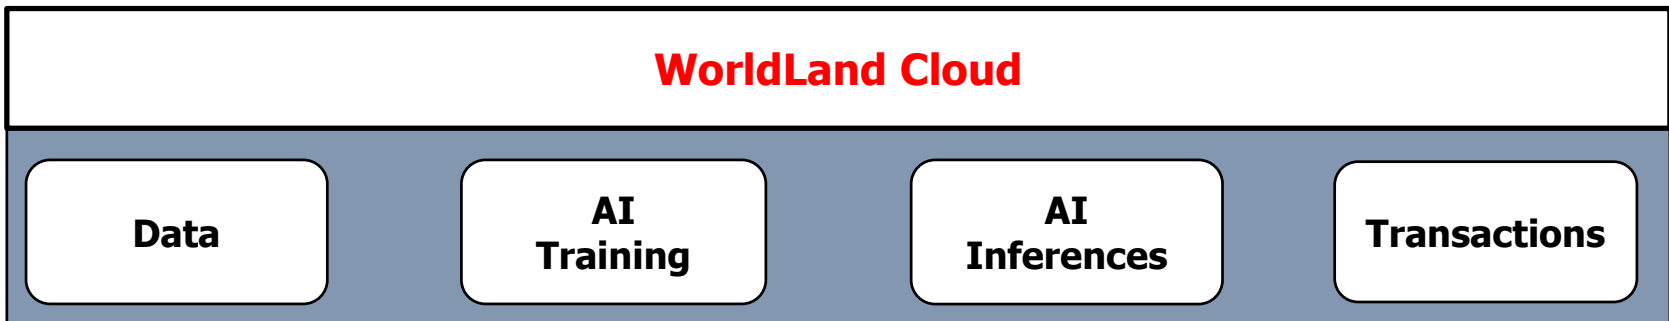

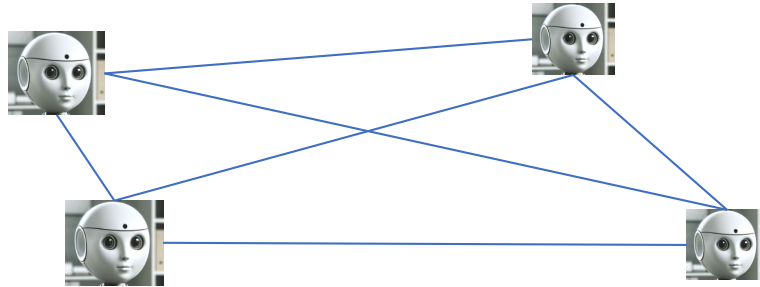

## My AI Network

# 03. Solution

## Worldland supports My AI Network!

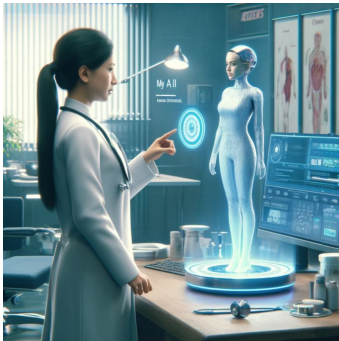

Give digital products and take tokens!

# 03. Solution

You can have your AI make money for you.

WorldLand My AI Network

# 04. Market

## Market is growing fast.

- Generative AI:  
CAGR 38%, USD266 by 32'
- Blockchain:  
CAGR 30%, USD 766B by 30'
- AI Cloud:  
CAGR 20%, USD 274B by 29'

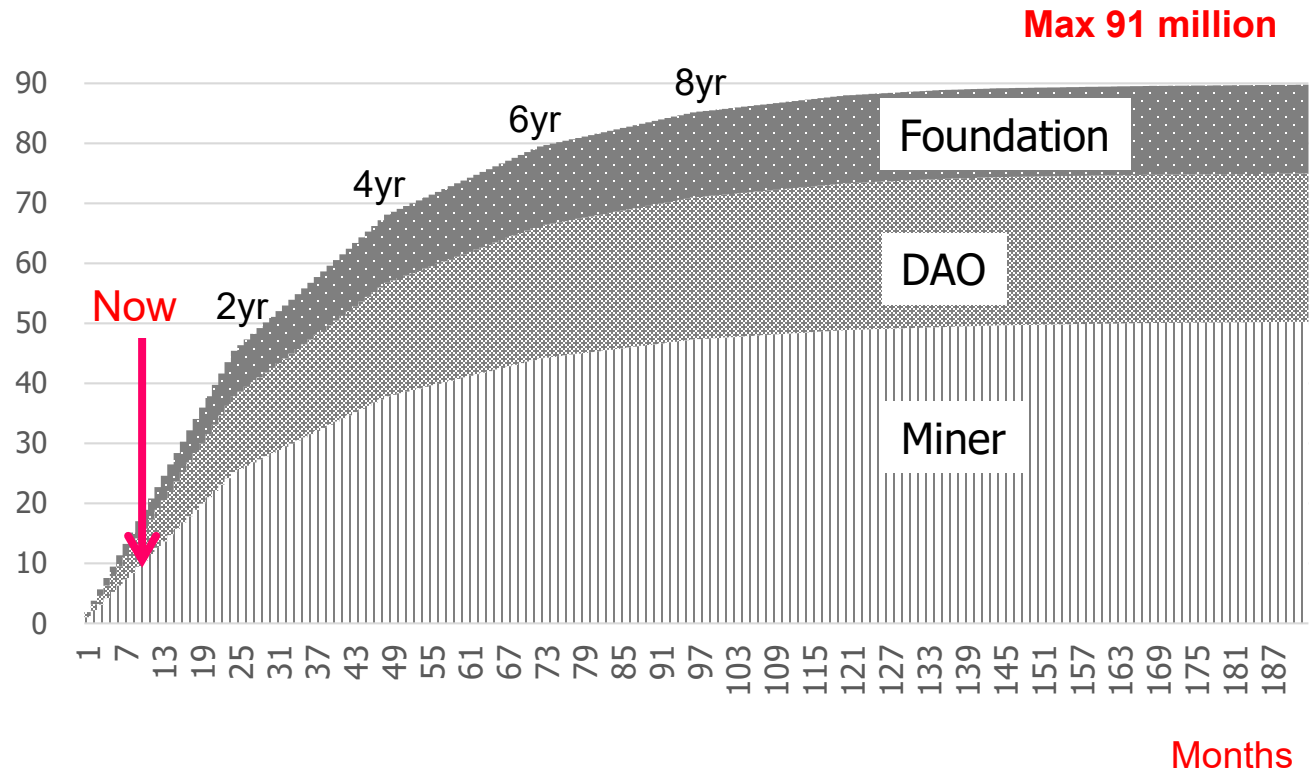

## Our solution is unique, PQ secure and decentralized!

### Blockchain-Infra-for-AI Players

- DeepBrain Chain (THETA)
  - Market cap: **USD 2.1B**
  - POS
  - AI Computing
- Fetch.AI (FET)
  - Market cap: **USD 1.8B**
  - POS
  - AI Agent Interaction
- SingularityNET (AGIX)
  - Market cap: **USD 1.1B**
  - AI Market
  - No mainnet

## Worldland Coin Minting Schedule

Million WLCs

# 05. Business

## WorldLand coinomics!

- Total is **91M** WLCs.
- Total Minted Genesis **TMG** is **41M** WLCs.
- Total Mining is **50M** WLCs.

### Why TMGs?

We aim to raise developers and projects!

Educators  
Developers  
Entrepreneurs

# 05. Business

## We plan to fund new projects on WorldLand!

TMG 41M WLCs over years.

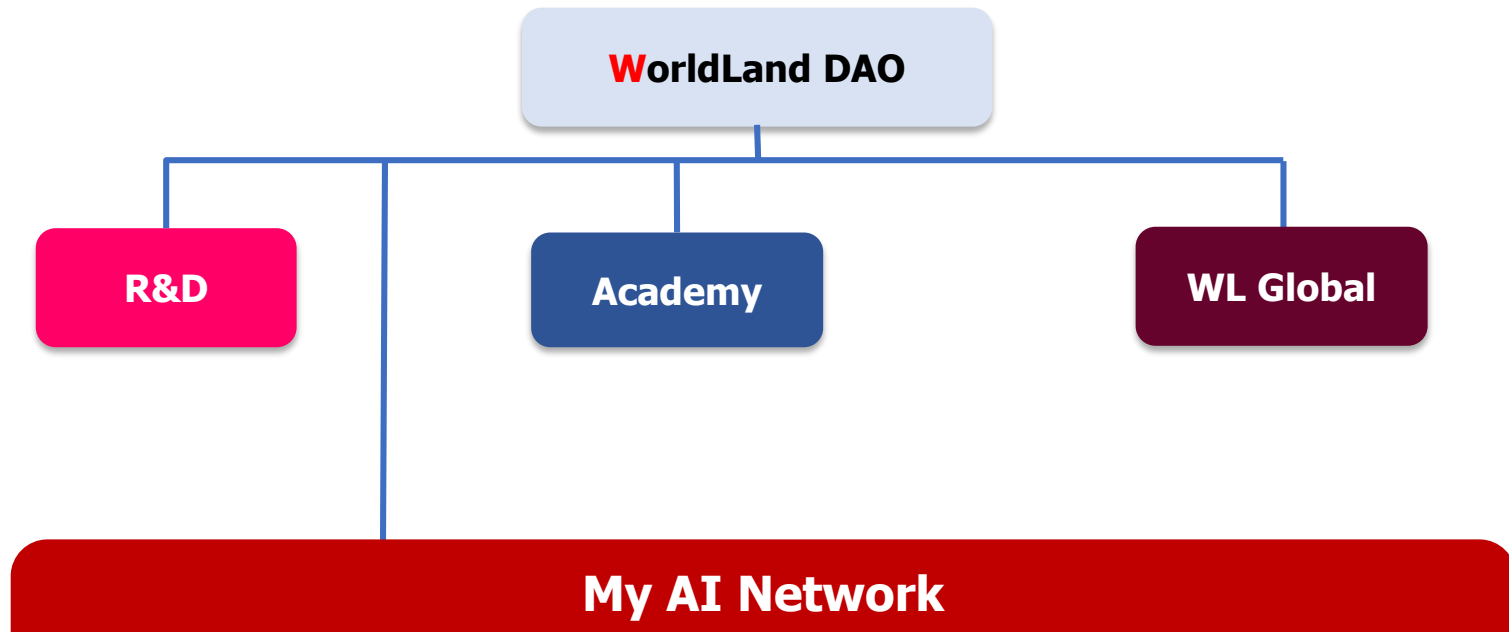

- 80% of TMG is for ECO.
- 20% of TMG is for LTE.

**LTE** : Long-Term Endowment

**ECO Projects**: My AI Network, Wallets, RnDs, Investments

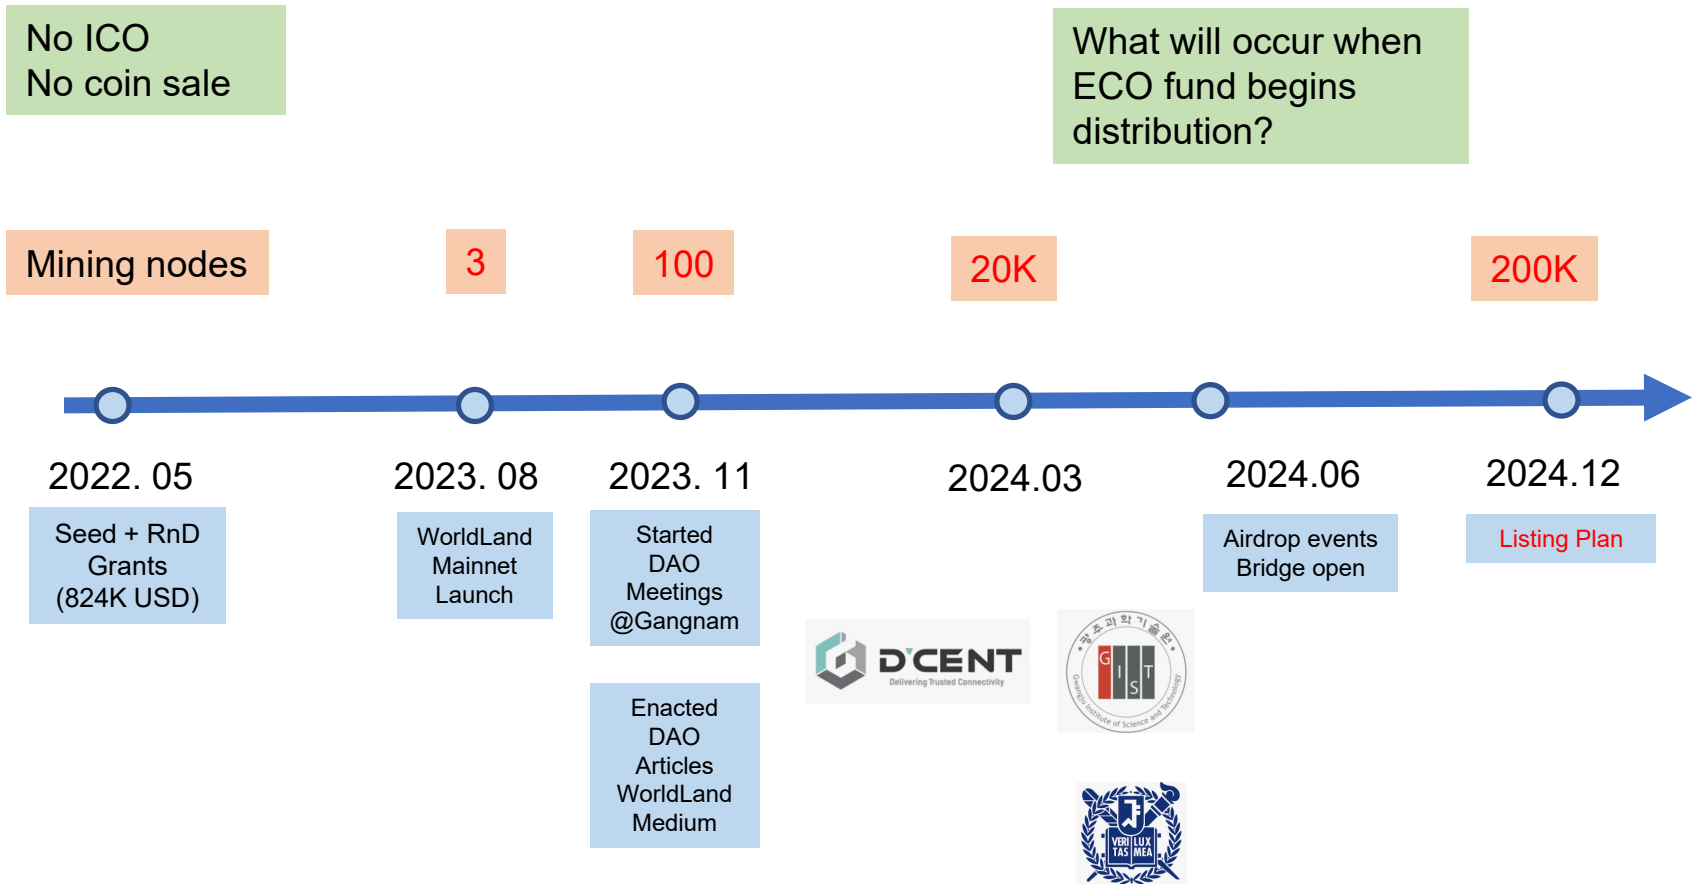

# 05. Business

Send us your proposals, DAO evaluates & funds them.

# 05. WorldLand Status

**WorldLand is growing explosively!**

# 06. Founder & CEO

## LiberVance

- **Origin:** University Lab Spin Off
- **Headquarter:** Academic-Industrial Cooperation Research Building, GIST, Korea
- **Seoul Office:** Gangnam-gu, Seoul, Korea
- **Employees:** Total 13

### *Major Milestones*

- **January 2020:** Established as a GIST Faculty Startup
- **April 2022:** Investment from Sunbo Angel Partners
- **July 2022:** Secured TIPS RnD Project

**Heung-No Lee**

- Editorial Board Member of IEEE Transactions on Cybernetics (Top 4%)
- Tenured Professor at GIST
- Director of Blockchain Intelligence Convergence
- Former Professor at the University of Pittsburgh, PA, USA
- Former Researcher at Hughes Research Lab, Malibu, CA, USA
- Graduated from UCLA, USA (BS 93', MS 94', PhD 99')
- Authored over 100+ international journal papers
- Awards
  - Prime Minister's Commendation (April 2022)
  - IEIE Haedong Academic Award (2019)
  - NRF Scientist of the Month Award (January 2014)

**Total fund raised so far is \$824K.**

Angel Investment: \$145K  
Total R&D Support: \$679K

## Market Caps

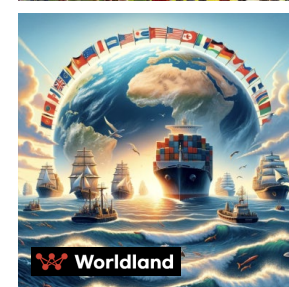

- No ICO ever!
- In circulation: 10M WLCs
- OTC market price today: \$0.2/WLC
- **Current** Market Cap =  $10\text{M} * \$0.2 = \$2\text{M}$
- **Fully Diluted** Market Cap =  $\$0.2 * 91\text{M} = \$18\text{M}$

## Fund raising goal this round

- Goal: **\$1M** or **15 BTCs**
- Need:
  - Roadmap to support My AI Network
- How
  - LV Stocks
  - WLC Block Sale

**We aim to raise 15 bitcoins for roadmap and scale up!**

## WorldLand Block Sale Event

Each is redeemable for 500K WLCs.

- Class A: price > 1 btc, 1yr lock 1yr vesting
- Class B: price > 2 btc, 1yr vesting

# 07. IR Competitiveness

**Please find below our 9 point summary:**

1. Launched new mainnet on August 8, 2023, which has never stopped producing blocks.
2. Developed WorldLand technology via Korean national RnD funding.
3. Possesses patents and intellectual properties for the project.
4. Draws high interest from Seoul and around the world for the new POW consensus algorithm.
5. Seen explosive recent increase in mining nodes starting March 2024.
6. Pursuing listing on internationally recognized exchanges by Dec. 2024.
7. Aim to scale WorldLand through execution of ecosystem expansion plan.
8. Aim to incubate new projects such as My AI Network and AI-DEX.
9. Please join us to make better future!

# Thank you

WorldLand
